

OUR MISSION

The mission of Triangle Cross Ranch is to provide a Christ-centered whole-life structure where acceptance, security and self-esteem for adults with cognitive challenges become a reality.

“For I know the plans I have for you,” declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future.” Jeremiah 29:11 (NIV)

Tee Up for A Great Cause

Triangle Cross Ranch is a Christ-centered private non-profit organization that provides assisted and supported living services for adults with developmental delays. All proceeds from the Triangle Cross Annual Golf Tournament help to underwrite the cost of residency for our Ranchers with disabilities.

*Ute Creek
Golf Course*

Ute Creek, designed by the world-renowned golf course architects of the Robert Trent Jones II group, opened in 1997. This 18-hole championship course is a Par 72 ranging in length from 5,509 yards to 7,167 yards. Ute Creek's five lakes, two creeks, multi-level fairways and native grass areas will provide challenge and interest for players of all abilities.

If you are interested in participating, but don't have a team feel free to contact us. We can partner you with other individuals.

Sponsorships are available—check our website for more information!

Triangle Cross Ranch (TCR) is an assisted living facility located in the beautiful town of Galeton, Colorado. We offer year-round residency as well as respite care for adults diagnosed with a developmental disability, in a rural setting. We are a 'working ranch', and so all of our residents are "Ranchers". All faiths are welcome.

What Sets Us Apart

TCR strives to create a safe, faith-based and structured environment for individuals with cognitive challenges. We are committed to providing our Ranchers with the opportunity to thrive. Our Ranchers are cared for by compassionate staff who help them to grow and develop individually.

At Triangle Cross Ranch we do not allow our disabilities to define who we are, but rather use our disabilities to create a new definition of normal.
