

Partner Spotlight

But when you ask, you must believe and not doubt, because the one who doubts is like a wave of the sea, blown and tossed by the wind. James 1:6

Life Bridge Christian Church has been a steadfast partner in the work that The Pearl Group is accomplishing. The Pearl Group, got its start out of LBCC and for the last 9 years, our partnership has continued to grow and get stronger. The Pearl Group, is so Thankful to the LBCC community for their commitment to the Single Parents of Boulder County. Each week, LBCC opens their home to our single moms, so that they can gather and fellowship together. LBCC has provided dozens of volunteers and even committed staff members, so that the good work of the Lord, could be accomplished.

As the Pearl Group grows into its next phase, we are thrilled to have Life Bridge Christian Center not only as a friend but a committed partner in changing the lives of single parents in our community.

Executive Director's Note

Happy Spring!!! Tis the season of rebirth and renewal

The Pearl Group is steadily moving forward and serving even more Single Parents this year. Our work, is needed now more than ever. For some, the economic recovery may have happened but for 7000 single parents in Boulder County, the struggle to survive daily, is an on-going battle. 150 Single Moms and nearly 200 kids come to The Pearl Group weekly, seeking guidance and ministry. We could not accomplish this work, without supporters like yourself. So I call on you, to look into your heart and kindly make a contribution to support The Pearl Group.

Jose Silva, M.Ed.

"Blessed is he who considers the poor; The Lord will deliver him in time of trouble. The Lord will preserve him and keep him alive, and he will be blessed on the earth; You will not deliver him to the will of his enemies."

So why Single Parents?

With a rapid increase in single-parent families throughout the latter half of the Twentieth Century, the prevalence had, and continues to have a major influence on the social, economic, and political context of family life. The 2010 Census shows that Longmont has a single parent family population of 28.55%, alongside Boulder County at 24.25% and the Saint Vrain Valley School District at 23.86%. Knowing that single parents are some of the most courageous people in the world, The Pearl Group works to empower single parents to obtain the skills, education and confidence to become independent of any other person, program or service.

The Pearl Group facilitates services one-on-one with the most vulnerable residents and we believe that the systemic stigmas that surround single parents, can be broke with the work we do.
